Statement Regarding Fire at Arcadia Senior Living

Arcadia Senior Living confirms that a fire occurred at our community on the evening of March 22. We are profoundly grateful to report that all residents were safely evacuated, thanks to the swift and coordinated response of our dedicated staff and local emergency services.

At this time, all residents are safe—either comfortably accommodated within apartments in our assisted living community or temporarily staying with family members.

We extend our deepest appreciation to our team members, whose courage, preparedness, and compassion ensured the safety and dignity of every resident. We are equally thankful to the first responders for their rapid and professional actions in bringing the situation under control.

The safety and well-being of our residents and staff remain our highest priority. We continue to work closely with local authorities as we assess the situation and support those affected.

We ask for your continued thoughts and prayers for our residents, their families, and our staff during this time.

For further updates, please contact Robin Barich, Corporate Director of Sales & Marketing at 502.299.3078.

About Arcadia Senior Living Louisville:

Arcadia Senior Living Louisville, located at 901 Blankenbaker Parkway, Louisville, KY 40243, is locally owned and operated by Arcadia Communities. Arcadia Communities also operates Senior Living Communities in Michigan, Florida, Kentucky, and Tennessee. The mission of Arcadia Communities is to respect and honor our elders by building communities dedicated to supporting their individual needs, promoting independence, and enriching lives.
